Registration and Continental Breakfast

NAAB - 21st Century Accreditation

- Evolving for the 21st century
- Digital team rooms
- What constitutes evidence of learning in these new environments?

Education - Why are we doing this?

The Realities of Competing Interests in Architectural Education

- Are graduates prepared for AXP, examination and practice?
- Firm needs
- Student needs
- How does experience (AXP) round out the needs for the practice-focused student?
- How does architectural education fulfill the needs and NAAB requirements of a practice-based education, while also serving the needs of students seeking a more general education?

Lunch and Networking

IPAL - The State of the IPAL

The Current and Future State of IPAL Compared to Traditional Programs

- Participants navigating both paths will compare their experiences/successes/challenges
- IPAL students will discuss their journey through AXP and the examination
- Faculty will discuss pros/cons of IPAL vs. traditional programs
- Supervisors working with students in the IPAL program will discuss their experiences/successes/challenges

Elevating the Pro-Practice Curriculum

A Discussion of Initiatives to Support and Improve Pro-Practice Education in the Academy

- Pro-Practice Community (new NCARB tool)
- NCARB's Pro-Practice Training (new NCARB program)

Recognizing the Accomplishment of Professional Licensure

Okay, you've done it! Now what?

- The importance of and methods of recognizing the milestone of licensure
- The role of the Board, school, supervisor and firm in recognizing and rewarding licensure

Open Mic and Q & A

- Presenters "open mic" discussion
- Question and answer session
