REGIONAL SUMMIT

December 18, 2025

Dear Member Board Executives,

The FY26 Member Board Executives committee is pleased to invite Member Board Executives (MBE), board staff, and legal counsels to [register](#) for the 2026 Member Board Executives (MBE) Workshop on March 19, 2026 in Oklahoma City, OK. During this event, Board Executives will have the opportunity to connect with colleagues from across the country, exchange best practices, and return with insights to help you survive and thrive in a complex regulatory landscape in support of public health, safety, and welfare

The last few years have brought many new faces to the MBE community, and content for this meeting has been planned to ensure no matter where you are in your board executive career, you will walk away from this event with actionable knowledge and guidance to support your board. Your attendance will also directly contribute to developing tools and resources to improve the ability to regulate effectively, share feedback and best practices from the MBE community, and nominate a Member Board Executive Director for the FY27 Board of Directors.

To make it easier for board executives to participate, the cost of meeting registration, travel, and lodging for one Member Board Executive representative from each board is fully funded by NCARB. Funding includes participating in the MBE Workshop as well as the Regional Summit, which occurs immediately after the Workshop.

NCARB will make your hotel reservations based on the dates included in your registration information. To ensure a valuable meeting for all participants, this year's agenda unfortunately does not support virtual participation.

We greatly appreciate all of your flexibility and participation throughout the year and look forward to seeing you there!

Sincerely,

FY26 Member Board Executive Committee
